Shreyaan Vashishtha

ABOUT

Mechanical Engineering undergraduate at The Hong Kong University of Science and Technology (HKUST). Currently a member of the Astrix Team

TECHNICAL SKILLS

- Python
- SOLIDWORKS
- Fusion360

SOFT SKILLS

- Communication
- Problem-solving
- Collaboration
- Time management
- Adaptability
- Critical thinking
- Leadership

EXPERIENCE

SEP 2025 – PRESENT

Astrix | The Hong Kong University of Science and Technology

Currently an engineer in the Mechanical subteam for Project Aquanaut, focusing on 3D CAD modeling, structural hull design, and watertight housing development for a custom submersible. Previously a member of the Aerodynamic & Descent Control team, involved in mechanism design, testing, and control considerations for flight and recovery systems.

JAN 2026 – PRESENT

IB Tutor | Edunade

Provided 1-to-1 tutoring for IB Physics, Economics, Math AA (HL/SL), adapting explanations to individual learning styles. Designed exam-focused lesson plans aligned with IB mark schemes, command terms, and assessment objectives.

JUL 2026 – AUG 2026

Junior R&D Intern | Zerodrag

Contributed to R&D for custom UAV platforms, focusing on the mechanical design, rapid prototyping, and structural testing of lightweight 3D-printed drone frames and testing components. Iterated CAD models to optimize performance, structural integrity, and hardware packaging for testing.

2023 – 2024

Math Buddies | Creative Secondary School

Mentored junior students in mathematics through the Math Buddies program, offering weekly support to students and helping in improving their confidence and understanding of key concepts.

EDUCATION

Bachelor of Engineering (MECH) | June 2029 | HKUST

IB Diploma | May 2025 | Creative Secondary School

IELTS | September 2024 | British Council

Overall – 8.5

GCSE | June 2023 | Pearson Edexcel

IB MYP | June 2022 | Creative Secondary School

CERTIFICATES

Mindware: Critical Thinking for the Information Age | University of Michigan

Issued Apr 2026

Introduction to Generative AI | Duke University

Issued Jan 2026

Peer Supporter Certificate | KELY Support Group

Issued Jan 2024

VOLUNTEERING

Committee Member | IMechE Hong Kong Young Members

Sep 2025 - Present

Peer Advisor | HKUST Engineering

Aug 2026 - Present
